

Sesame Street, My Martian Cutie (Number 9)

She's my real martian beauty
She's my number nine cutie
She has nine hairs on her head
1, 2, 3, 4, 5, 6, 7, 8, 9
Tied up in ribbons of red

She has nine little eyes
All the same size
Looking up, down, round, and straight ahead
She has nine little holes in her turned up nose
And she snores when she goes to bed

She has nine arms that's one of her charms,

Each just like the other;
Some people say she looks like her dad;
Some say she looks like her mother.

She has 1, 2, 3, 4, 5, 6, 7, 8, 9 little toes on her foot.
She doesn't go shoppin'
'Cause she doesn't like hoppin',
So usually she just stays put.
