

Sesame Street, Perfectly Pearl White Teeth

Gotta brush my pearly whites
So they don't lose their bite
And when I swim downstream
I make those other fishes scream
They'll jump with delight
With delight!
At the sight of my white, bright
Cleaner than clean, I mean
Perfectly pearl white teeth!

They're the key to my success
I'm the King of Toothsome-ness
All the little fish beside me

Tried to hide, but when they spied me
They were stunned! Oh, happiness!
They were stunned!
By the sight of my white, bright
Longer than long, strong!
Perfectly pearl white teeth!
By the sight of my white, bright
Longer than long, strong
Perfectly pearl white teeth!

[Couldn't you just eat me up?]
