

# Sesame Street, Telly's Outer Space Friend

Sometimes I look up at the stars and pretend  
There's someone way out there who could be my friend  
If only I somehow could make my way there  
I'm sure there'd be lots of great things we could share

And though we'd be different as different can be  
In some ways I bet they would be just like me  
They'd show me new things like outer space birds  
And teach me to say some neat outer space words

Yip-yip. Uh-huh.  
Yip-yip. Uh-huh.  
Oh.

Then we could play "Gribble", the most fun of all!  
It's a game that they play with an outer space ball  
We'd laugh and play space games for all it was worth  
And when we got tired I'd fly back to Earth

And who knows? Maybe my friend will feel free  
To take a trip sometime and come visit me.

Yip-yip. Uh-huh.  
Yip-yip. Uh-huh.  
Oh.
