

# Sesame Street, The Three Pretty Kitties

In a pretty little house made of celery  
There lives a little kitty-cat family  
One, two, three!

They can make make their tails look just like spaghetti  
And they dine in bed on Apple Brown Betty  
One, two, three!

But these pretty kitties, they're great circulators!  
They know a pretty fish, and they're friends with alligators  
One, two, three!

And when the sun decides to go out of sight  
The pretty little kitties stand and wave good night!

(Sun, which has a face, sets, then rises and waves. Each kitty waves as Furl and Ghetty counts:)

One, two, three!

(Sun sets again.)
