

Sesame Street, What Is Friend?

Sometime me think,
What is friend?
And me think,
Friend something very special.

A friend somebody to share your toys,
To stay with and to play with and to make a lot of noise,
To spin around until friend get dizzy,
And jump up and down until stomach get queasy,
And to sometimes tell stories to.
A friend somebody like you.

Sometimes me think,

What is friend?
And me think,
Friend something better than chocolate ice cream!

A friend somebody to take to park,
A buddy you can buddy with 'til it start getting dark,
To laugh and joke and hippity-hop it,
Or tickle and poke 'til friend tell you to stop it,
And me no think of any more.
Well maybe friend somebody
You give up last cookie for.
