

Sesame Street, When I'm Itchy, I Scratch

When I'm hungry, I eat
When I'm thirsty, I drink
I get my fires lit up with a match
And when I'm itchy, I scratch

When I'm tired, I sleep
When I'm sneaky, I creep
There's a hook in all the fish I catch
And when I'm itchy, I scratch

Hey!
Buzz off fly, stay away
Who needs you on a sticky summer day?
I don't know what you can possibly see in me

And I don't want such irritating company

Now, when I'm happy, I laugh
When I'm sad, I cry
I get my melons in the melon patch
And when I'm itchy, I scratch

I get my melons in the melon patch
And when I'm itchy, I scratch

I get my melons in the melon patch
And when I'm itchy, I scratch
