

Seven Channels, Helium

throw me 'round in circles as i run into i crash
into i only want to run if i'm crashing into you as i reach to
the sky and on today it's much too high
though the seasons change souls rearrange
and i don't want to push you away

wait for me wait for me 'cause i need you inside my soul
wait for me wait for me 'cause i want you burning inside my veins

invade my space any time of day you tear down my walls
but that's ok i'm not sure where we're going 'cause you're a mystery
to me if time is on our side then i'll decide to wait for you
i can't speak the words but there's no words to say
'cause i don't want to push you away

throw me 'round in circles as i run into crash
into i only want to run if i'm crashing into you
through broken dreams and memories you burn away all the tragedies
you can't drag me away from what's meant to be
and i don't want to push you away
