

# Sevendust, Confessions Of Hatred

Impossible to reason with the thoughts in mind  
To direct to forget about my pastimes  
I assure you of one thing  
This is something you'll never forget

In time I'm sure you'll understand  
That the sound of the crack  
The slap of my hand was only intended for one thing  
The one thing I never had

Palms sweaty - thoughts dry  
Hand fed by a broken mind  
Hands shak'n - don't cry it'll all be over

And then you'll have the chance to see the hole inside  
The painted picture of a wounded mind  
I can never escape this  
(you helped me create this hate)

(my - undying - addiction)  
How were you the last to know  
(you - brought - this - on - yourself)  
Now you're the next in line to see  
All that I've become  
(confessions of hatred)

Responsible for bringing out my darkest side  
I tried to hide what I feel but it's my time  
To inflict all the damage  
Some indescribable pain

Heart beating, last cry  
Anticipating what I have in mind  
Lick my lips an approach you  
(with undeniable fucking hate)

(my - undying - addiction)  
How were you the last to know  
(you - brought - this - on - yourself)  
Now you're the next in line to see  
All that I've become  
(confessions of hatred)

One day I'll become whole again  
Till then I'll just remember  
I thought you understood being misunderstood  
How wrong was I to think you ever would?  
One day I'll become whole again, whole again

(my undying addiction)  
I never thought you'd be the last to know  
(you brought this all on yourself now)  
You will be the next in line to see  
All that I've become  
Victim till your last breath  
All the hope is gone  
(confessions of hatred)

(I'll show you pain)
