

Sevendust, Headtrip

Forever after
You killed my laughter
All I've done
Doesn't matter...self
CREATE...CREATE...CREATE
SHUT THE FUCK UP

Head trip drama
With your head so in the cloud
Never be the same
Never forget the pain

Head trip drama
With your head so in the cloud
Never be the same
Never forget the pain

Stuck in my head
Every word that you said
And all of you is dead
CREATE...CREATE...CREATE
CREATE...SHUT THE FUCK UP
CREATE...SHUT THE FUCK UP
CREATE...SHUT THE FUCK UP

Head trip drama
With your head so in the cloud
Never be the same
Never forget the pain

Head trip drama
With your head so in the cloud
Never be the same
Never forget the pain

Head trip drama
With your head so in the cloud

CREATE - SHUT THE FUCK UP
(repeat)
CREATE - Head trip drama
CREATE - With your head so in the cloud
CREATE - Never be the same
Never forget the pain

CREATE - Head trip drama
CREATE - With your head so in the
cloud - Self-Destruction
Never be the same - SHUT THE FUCK UP
