

Sevendust, Speak

Whenever I feel like it's all in my mind
I can feel it
I'm talking to myself again
Whenever I hear you it's so hard to find
I can feel it
I'm talking to myself again
Whenever I feel like (I can feel)
It's all (I can feel) in my mind
Whenever I hear you (I can feel)
It's so hard to find (I can feel)

Wrap your wrists when you wanna through
And ya [repeat]
Pop in a clip when you wanna drop
But man make sure that the caskets' closed

So whatcha gonna say [repeat twice]
Speak to me

Whenever oh I feel inside
Sometimes (I can feel)
I can feel

Wrap your wrists when you wanna through
And ya [repeat]
Pop in a clip when you wanna drop
But man make sure that the caskets' closed

Wrap your wrists when you wanna through
And ya [repeat]
Pop in a clip when you wanna drop
But man make sure that the caskets' closed

So whatcha gonna say [repeat 2x]
Speak to me
So whatcha gonna say [repeat]
Speak to me
