

Sevendust, Will It Bleed

Confusion, perception.

Rage inside of me.

Or will it ever; or can it ever; or will it ever take me?

I'd rather kill myself, than put you through the pain again

I'd rather kill myself, than put you through the pain. [repeat]

Passion; Find direction.

Hate inside of me.

Or will it ever; or can it ever; or will it ever take me?

I'd rather kill myself, than put you through the pain again

I'd rather kill myself, than put you through the pain. [repeat]

I'd rather kill myself. [repeat]

I'd rather kill myself, than put you through the pain again.

I'd rather kill myself, than put you through the pain. [repeat]
