

# Sevenfold Image, Threshing Floor

Shadows of fear  
Cloud my mind  
This seems so real,  
Darkness in time  
Lost my mind  
Can you see this,  
A jacked up nation  
Will never get no rest,

Throw up in the wind  
Dropped down to the threshing floor,  
Since time began  
Present time darkness began

Stay Awake  
Your lie is killin me

Palms to the skies  
No disguise, my light  
They will see  
Fire consumes my eyes  
No surprise, It's you  
They will see.  
Falling asleep insomnia  
Consuming me,  
Must stay awake  
Stay alive  
Sleeps Killing me.
