

# Sevenfold Image, Up Root

As sure as the  
Fall will come  
I know that  
I'll overcome  
Circumstances makes  
this real, Uprooted I will heal,  
Stare at the gazing sun  
Life is fragile I've become  
Uprooted I will heal.

I've found a shoulder to cry on.  
Someone I can rely on.  
Carry's me through  
This trial, my savior  
As long as I've got breath  
In my lungs I will praise you.

As long as I've got breath,  
In my lungs I will praise you.

Testify  
Glorify  
Identify.

As long as I've got breath,  
In my lungs I will praise you.
