

# SEVENTEEN (□□□), My My

You keep in step  
Run away  
Even if it's a dry desert  
It's okay

Clouds become umbrellas for the sunshine  
I am not alone

Everyday i open my eyes  
And i always find something new  
I meet myslef in the mirror  
And blossom a new me

Just paint the time  
Just paint it  
Nothing's set in stone  
Nothing's too fast or too slow  
Our life is lalalalalala
