

SEVENTEEN (□□□), Ready to love

I am ready to love
Tell me, can we stay together
I am a fool of love for you
My heart by your side forever
by your side forever

my feelings grew after i met you
just friends that's not enough for me
first time feeling my heart race
never though it'd beat so fast

all i wann do is run away
cause you are my escape baby
love has no limit
i want an answer

I am ready to love
Tell me, can we stay together
I am a fool of love for you
My heart by your side forever
by your side forever
