

# Seventh Wonder, One Last Goodbye

Don't want you to go, is there no other way?

I'll cherish this last kiss goodbye

I will care for all you leave behind

We won't let you go alone

But we have made a tragic decision,

because your wounds won't heal.

It's the final solution

When every day hurts

And tears keep on falling, we're letting you go

The shadows are calling

One last goodbye

We're all here beside you

Your soul will fade like a rose in the dark,

but your memory remains

Night after night, living a dream

Finally feeling my blood again

The notes in that song

Kept my heart beating strong all the way

I can see clearly now

I'm tired of constantly sleeping

I will open my eyes again

So ready to live now

When every day hurts...

I'm flying high, aim for paradise

I'm hungry for life again

What a rush

Hold my family!

I'm never letting go!

Repeat chorus
