

Sex Appeal, Peeping Tom

Its late at night
Im on my way through the park
Its the only way home
I hear a noise in the dark
Someone is watching me
(Baby Im a spy and you wont see me)
Maybe its my fantasy
(I will follow you wherever you lead me)

Hey hey Peeping Tom what do you see
Looking through my keyhole staring at me
Hey hey peeping tom right behind the door
Do you need some attention
Are you waiting for more

Get away from my window
Stay out of my room
Dont need a little spy
If youre not going soon
Well than i tell your mother that her son

Is a Peeping Tom

Now Im afraid
I walk alone through the rain
I feel uncomftable
I hear someone calling my name
Someone is watching me
(Baby Im a spy and you wont see me)
Maybe its my fantasy
(I will follow you where ever you lead me)

My mama use to tell me
Always be polite
Never start a trouble
And never start a fight
My mama sais the girls
Are not good enough for me
So all I do is peeping
And I like what i see
