

# Sex Appeal, Total Eclipse

Theres a total eclipse  
The sun makes love to the moon  
Just one moment in lifetime  
Not returning too soon  
Take the chance of your heart  
And let us fly to the stars  
If you want it we can fly there together  
Theres a total eclipse  
The day will turn into night  
It is perfect for lovers  
To romanticize  
Hold me close in your arms  
When we make love in the grass  
Its just a moment but it will last  
Forever
