

Sex Gang Children, Boss And Beauty

I'm always shimmering in light and sin
Dragging feet in the canine heat
Break a window
See the light of day
Where probing fingers feel a special way
I'm sitting on the outside skinning my hide
I walk the miracle mile with a rhinestone smile
Remember my name
Ko-kane
I'm retribution don't you recognise me?
Wither leatherhead and ricochet red
Remember my name
Ko-kane
