

Sex Pistols, Tongue

It's all I want
It's all I need
Just some tongue
Can satisfy me
Don't say u're not ready
Because I know you are
Stop Being shy
You crazy ass whore

Chorus:
Gimme some tongue You dirty ole' slut
I need it now
I need it now
Just some tongue can make me do you
I need it now
I need it now

Help me
Oh, god help me
I'm spraying all over the floor
If you don't tongue me now
I'm gonna f**k some other whore
It's true what I do
If you don't tongue I'll f**k someone else
Gimme a blow
Or else i'll choke

(Chorus)

Bridge:
Masterbation
The key of life
If you don't have a girlfriend
But you have a wife
Do it now
Do it hard
or else we'll do it
Put our finger in our drawers

(chorus times 3)
