Shaaman, Born To Be

I looked inside me To find myself To purify me To cease the thing

Across the river A life goes by Look inside the mirror And you will find out

Solitude I was born Terrify me Fail of mystic broke in front of my eyes

I walked in shadows I drown in rain I met the desert 'Cause I'm born again

Across the river A life goes by Look inside the mirror And you will find out

Solitude I was born Crucify me Wearing the crowd of thoughts I am

Freedom! Born to be a man Emptiness! Made me understand

Oh! Let me hear the deep within

Oh again freedom! Born to be the man Deadliness! Crush the way deserve

Trough one of the deep within Shy the stream without a lie

Raft in frozen lands of life Seems the song of what we are
