Poor people see hostility rising daily.

Ignorance multiply brutality we eye see.

Fi struggle the hard road wit five pickeny.

Our eye see baby having baby.

Nothing dat happen no do not, same story do amaze we.

We know that is the fulfillment of prophecy.

Our eye see dem no build school it's chิร์ch and penetentry.

Church a church an den de penetentry never empty.

Still playing a mental trick on me. Listen!

You check you an me check me,

An' let's bring more love inna de black community.

[Chorus]

[Verse 2:]

Respect the Father of the prophet Moses and Abraham.

You have to respect the Father of Jacob and Solomon.

Respect the creator of many nations.

He make the birds, He make the bees, the fishes of the ocean.

And fossil them together with His mighty hand.

He made the man, He made woman, children the future of the land.

So who is due to disrespect the creator man?

Seventy-two nation bow down and crown Him conquering one.

It would be beautiful in the sight of Jah the Holy One,

To see the unification of my nation.

[Chorus]
