

Shabba Ranks, Slow And Sexy

(feat. Johnny Gill)

Sensuous emotion
They're gettin` my attention
Staring up easy
To find the right position
Dont rush don` t hurry now
Take your time girl, get it right
No need to accelerate
Cuz we can kill the feeling

[CHORUS:]
Keep it slow and sexy
Instant aphrodisiac
For the love of me
Keep it slow and sexy

Girls, they like it when I hold them tight
Makin` love all through the night
Take the time and do it right
Cuz we can kill the feeling

[chorus]

Too much movement might hurt the back
For the love of me, Shabba...

(Take it off)
(Take it off)
(Take it off)

Such passion I know where that came from
Great romancing can never be overdone
Girls, they like it when I hold them tight
Making love all through the night
Take the time and do it right
Cuz we can kill the feeling

[chorus]
