

Shabutie, Nauraushaun

(Part I - Origins:)

Come on, William, in sheepskin wearing.
I love following.
The day you took us away.
The day you took me through.
How I miss you.

I'll be there in your song.
I'll be there thinking.
Oh, how I loved you...

I'll be there in your song.
I'll be there in your song.

I'm waiting...
I'm waiting for Nauraushaun...
I'm waiting...

She lied to us...
I lied to her...
Dear God, now what is she running from?

Come on, William...
(Can't you see there's one last Nauraushaun?)
In night time, wear and tear...
I'd rather die here, I'd die here!
(Can't you see there's one last Nauraushaun?)
I'd die here with you any day.

Come on, grandfather...
(Can't you see there's one last Nauraushaun?)
In night time when you're here...
I'd rather die here, I'd die here...
(Can't you see there's one last Nauraushaun?)
I'd die here with you any day.

Oh dear, I miss you.
You won't put us or out.
I love testing you...

I'll be there in your scene.
I'll be there thinking.
Oh, how I want to call to you.
Oh, as she walks away.
It looked done, and we'll find her...
How I loved you...

I'll be there in your song.
I'll be there in your song.

I'm waiting...
I'm waiting for Nauraushaun.
I'm waiting...

I lied to her...
She lied to us...
Dear God, now what is she running from?

Come on, William...
(Can't you see there's one last Nauraushaun?)
In night time when you're there...
I'd rather die here, I'd die here!

(Can't you see there's one last Nauraushaun?)
I'd die here with you any day.

Come on, grandfather...
(Can't you see there's one last Nauraushaun?)
In night time when you fear.
I'd rather die here, I'd die here...
(Can't you see there's one last Nauraushaun?)
I'd die here with you any day.

(Part II - Life Without You:)

Running around to tell you.
Children laugh behind you.
Waiting for us to wash your face, timing...

I'm waiting, Nauraushaun, and all I need to know...
Lay them behind these before you reason.
Go, I'm spoken to...
I can't hear you, can't hear you...

Leaving you, is it enough?
With my life without you...
Greater magic inside of her.
Speak a faster judgment.

Frantic to be shown the weakened.
Oh, what am I looking for?

The people the dead man sees, his fire.
We are looking for us!

You haven't completely lost...
You've given me a new start...
