

Shades Apart, Menace

I want to lie to you
All you can do is listen
My smile is blinding you
You'll never find out the truth
You don't know which side I'm on
The whole world can take me on
A menace just can't turn and walk away
Spilling my guts to you
I'll break your heart in pieces
I'm just misunderstood
That's what I'll have you believe
I don't know which side I'm on
Menace to society
You can't make me turn the other way
I wouldn't be surprised
If one day I broke my cover
Don't be afraid of me
It's only when I'm with my friends
