

Shades Apart, Secret Life

I know the face
I see it every day
I know your name
Forever in my mind
Don't walk away
I'm just trying to make some sense of this
Don't turn away
I'm just trying to make some sense of this
It's a secret life
For no one to see
What went wrong
You just weren't yourself
Someone else
I guess I never knew
You lost control
I'm trying to make some sense of this
You just let go
I'm just trying to make some sense of this
Who were you then?
Can you take the blindness from my eyes?
It's not fair
Only you can let me see inside
