

# Shadow Gallery, Crystalline Dream

Hold onto these  
Memories I grant you  
The gifts of our lives  
Lost in the sands of time  
Deserts forever  
Relentlessly barren  
I crossed them all  
In the blink of an eye  
I command light and solar winds  
To transport me  
The deepest assurance  
I speak with my mind  
Caves of glass  
Shatter before me  
The wheels are in motion  
Forever they turn  
And are carved in the great book of life  
There in your room  
Alone in the shadows  
I smashed down the walls  
And set you free  
I carry the torch  
That trembles the mountains  
Seen visions of power  
Beyond all belief  
You close your eyes  
I reach out and touch you  
Reflections in pools  
The deepest of dreams  
Rumors of war  
Rage in your heart now  
The wheels are in motion  
Together we turn them  
Come down with fire  
I want to love you want to take you into my heart  
We'll cruise the starways  
And from the moment that we touch our love turns into a crystalline dream  
Fly where your dreams go  
With open eyes it's the dawn and you're alive  
No time or space here  
I walk in castles of gold  
Our love turns into a crystalline dream
