

Shadowkeep, Thorns And A Rose

A God is no more than a man who grew older than old
His heart filled with sadness as the truth is unfold
If there can only be one, then this one must be me
I'm the new messiah so bow down to me

Good and Evil appeal to me,
I'm both thorns and a rose
Good and Evil rule inside me
Like a two-headed God

Mankind has enslaved our lore in their pages of fraud
But they will find no mercy in the eyes of the free
I'm the one who summoned raw creatures of blood
An army of minions that will spread the word

Good and Evil appeal to me,
I'm both thorns and a rose
Good and Evil rule inside me
Like a two-headed God

Good and Evil appeal to me,
I'm both thorns and a rose
Good and Evil rule inside me
Like a two-headed God
