

# Shadows Fall, Fleshhold (Live)

Dying over and over in my mind  
As you twist the knife I wonder why  
Why you bothered to take this time  
Too concerned with yours, I should think of mine

Do you sleep alone thinking of me (I can see)  
While I sit alone wondering what could be (while I dream)  
Do you lay with another but not with me (you've never been alone)  
I sit alone because you're not with me (you're not with me)

My pain is all inside  
Until razor and arm collide  
From my heart upon the floor  
Take my blood but you take more

Do you sleep alone thinking of me (I can see)  
While I sit alone wondering what could be (while I dream)  
Do you lay with another but not with me (you've never been alone)  
I sit alone because you're not with me (you're not with me)

Take my life, you take more  
Of my life, take some more  
Just let me die

Dying over and over in my mind  
As you twist the knife I wonder why  
Why you bothered to take this time  
too concerned with yours I should think of mine

Do you sleep alone thinking of me (I can see)  
While I sit alone wondering what could be (while I dream)  
Do you lay with another but not with me (you've never been alone)  
I sit alone because you're not with me (you're not with me)  
Of my life, take some more.
