

# Shaggy, My Dream

My dream, my dream,  
My, my , my  
Dream ha he  
Dream ha he

Now I got to wonder if you dreaming or not  
'Cause everything seems so real  
Shaggy (cha)

[verse 1]

As my days grow old and my night grow cold  
And yearn for your tender love  
My desires are strong I can't seem to hold on  
And I wanna feel your touch  
Girl I love you so much it's way pass a crush  
And they fantasy feels real  
And when reality bites it cut likes a knife  
And I wake up asking myself

[chorus]

Is it really real or is it a dream  
Is it really real or is it a dream

[verse 2]

Hear me now  
Girl you know sexy that you have it all together  
Tickle up me fancy with you sweet smelling feather  
Smooth like a silk you could be rough like a leather  
Don't wake me up want the moment to last forever  
(Ha) time goes by you know my loving gets better  
Passionate moment probably think I would a never  
Have you in a mi thoughts girl you si down and you wonder  
Girl let this one last forever

[verse 3]

As I reminisce on the times I missed  
And the warmth of your tender lips  
can't help but wonder if wake  
Will I find a love like this (yeah, yeah)  
I guess it's fair to say that  
You are the woman in my dream  
Well that's the word or haven't you heard  
Why don't you get up and help me sing

[verse 4]

Hear me, hear me  
Is it a figment of my imagination  
Or that me under sexual frustration  
Right now me under nuff aggravation  
Can't show it must protect man reputation  
Now this is something I must ask a question  
I would a really like fi know your intentions  
In regards to my infatuation

Tell me bout the operation
