

Shaggy, Something Different

Let me hear you say, somebody say oh hoooo
A girl like you is like a brand new automobile... drive any man crazy
You passing around my avenue again baby
Your style is so repetitious it's about time Shaggy and Wayne Wonder start to get vicious

Doing something different for a change
What a sexy body girl, I have you in my range
May not be sufficient but I'm doing just fine...

When we do it different baby - love it is together
She wanta rub a dub lover have her under cover
When we do it different baby - love it is together
She wanta rub a dub lover have her under cover

Baby love I admire the way you move the way you groove
I love the way you dance even when you step upon my shoes
It's my dream to sweep you off your feet and take you on a cruise
A romantic intersection I'm just here to pay my dues

Never see a girl that I love this right
It's kinder wicked it's kinder wild
Taking it easy under cool profile
You're so smooth and you're so mild
I don't care what your friends may say
I'm going to love you any way
Because they don't know about those days
When you gave good love to me downstairs

Doing something different for a change
What a sexy body girl, I have you in my range
May not be sufficient but I'm doing just fine...

Girl I love you I got to confess
My heart skip a beat I feel the pressure in my chest
Girl the way you got me going I wonder if you God bless
Are you a cut above the rest here to put me through the test
I wouldn't mind love you up and give you nothing less
Your Coca Cola figure in that skin tight dress
Hold me in your arms with so much tenderness
Hmmm girl you make me breathless

Standing vision anywhere you go

Every living male want to sit in your row
I can't afford to miss this show
So I got to let you know
Don't you worry honey don't you fret
Want to be all over you like sweat
Room full of class not to mention you got taste
I need next to get into your place

Doing something different for a change
What a sexy body girl, I have you in my range
May not be sufficient but I'm doing just fine...

When we do it different baby - love it is together
She wanta rub a dub lover have her under cover
When we do it different baby - love it is together
She wanta rub a dub lover have her under cover

The last time I say you all I got was a glance
I vow that day if I had another chance
I would (kiss) kill you with romance
I wouldn't even hesitate to make you jump and prance

Standing vision anywhere you go
Every living male want to sit in your row
I can't afford to miss this show
So I got to let you know
Don't you worry honey don't you fret
Want to be all over you like sweat
Room full of class not to mention you got taste
I need next to get into your place

Doing something different for a change
What a sexy body girl, I have you in my range
May not be sufficient but I'm doing just fine...

Baby love I admire the way you move the way you groove
I love the way you dance even when you step upon my shoes
It's my dream to sweep you off your feet and take you on a cruise
A romantic intersection you don't know what path to choose
Electrify your love and blow your romantic fuse
Anybody else you get you would definitely lose
Wayne Wonder and Shaggy we speaking the truth
