

Shakatak, Changes

How do I sleep at night
Knowing you are coming to me?
You're in my heart and in my mind
Only you can do this to me

Pre-chorus:

And even now I can't believe you're just a dream
Because you're feel so really ...
And a visions are not always what they seem
How do you creep into the corners of my mind?

(...)

Chorus:

Dream on this journey
Stuffing on the way
Can you predict the future
How many hearts will you break?

I my mind you are here
Holding me the way you should do
Only I hope ...
To let you in but I don't want you

Pre-chorus

Chorus

Places, faces changing
Colors in black and a white
Pictures and ... fusion

...

Fly away like angels
So many places to see
Be with a one you want to
You are the one in my dream

* "... " means I can't make out what they sing here.
