

Shakatak, Night Birds

flyin through the night
floating on a wind
to the city lights
night birds
with the love they bring

flyin through the night
floating on a wind
to the city lights
night birds
with the love they bring

slowing they descend
through the darkened sky
to the night again
night birds
kiss the day goodbye.

flyin through the night
floating on a wind
to the city lights
night birds
with the love they bring

slowing they descend
through the darkened sky
to the night again
night birds
kiss the day goodbye.
