## Shakespear's Sister, I Can Drive

Hey boys, it's a steal You're hanging on, by your finger nails As usual, the king is dead Long live the queens Hey girls, no big deal You're fifteen minutes Start right here, so baby lets go Lets go..

I'm watching the world, I'm taking my time I've waited my turn Now I'm gonna shine

Heroes take their toll
Hog your dreams, then crush your soul
And take you out, out to dinner
Roll on the original
Highly strung out, spaced out individual
I'm a terminal sinner

I'm watching the world, I'm taking my time I've waited my turn Now I'm gonna shine

And all the pretty people that I used to see
Have died or moved away
Or they're in recovery
And all the buildings where the faithless used to play
Have crumbled into clay
And I don't know what to say,
I just don't know what to say

I'm watching the world, I'm taking my time I've waited my turn Now I'm gonna shine

I declare my innocence, I'm worth more than 60 pence Look, i've got a shiny car, I Can Drive, I can drive, Yes, baby, i'm for real That's just the way I feel I can take a ride anytime

Everything I pass is old, Everything I touch is gold, Now I see the world unfold, I Can drive, I can drive

Yes baby, it's a steal, Nothing that you see is real, Get yourself a pair of wheels, Learn to drive, come on
