

Shakin Stevens, Is A Bluebird Blue

Well me and my girl went out the other night
down lovers' lane we were walking
She said Honey child do you love me
the way I started talking
Is a bluebird blue Has a cat got a tail
mh Is a bluebird blue then honey I love you
Well I held her close and kissed her
Then I looked in those big green eyes
She said He boy do you love me
I said I wouldn't be at all surprised
Is a bluebird blue and a big wheel rolls
Is a bluebird blue then honey I love you
And she finally believed my story
said baby I I understand
When I I'm gonna be your little loving boy
and you'll be my big loving man
If is a bluebird blue has a beer got hair
mh is a bluebird blue then honey I love you
is a bluebird blue then honey I love you
is a bluebird blue then honey I love you
