

Shakin Stevens, Radio

Well, I got a girl whose as cute as can be
She never plays no attention to me
She lives her life in a world full of stereo
'Cos all she ever wanna do is listen to the radio
That's all

Well I take her to the movies and it's just the same
We just get cozy and it's on again
Listen on the headphones tuned into her favourite show, ooh ooh
'Cos all she ever wanna do is listen to the radio
All day long

I whisper sweet nothings inside her ear
But when I get close all I ever hear
Some cool DJ telling me it's gonna show, ooh ooh
Doesn't seem to be a way of getting inside her head
She talks to me when it's only if the battery's dead
But then she keeps a spare and it's back to rock and roll, oh yeah
'Cos all she ever wanna do is listen to the radio
That's all she ever wanna do

I got a girl whose as cute as can be
She never pays no attention to me
She lives her life in a world full of stereo, ooh ooh
She's a hopeless case and I don't know what I can do
I rack my brains while she sings out of tune
Well she's switching me off and one of these days I'm gonne go, yeah
'Cos all she ever wanna do is listen to the radio

All she ever wanna do is listen to the radio
Yeah, all she ever wanna do is listen to the radio
All she ever wanna do is listen to the radio
Radio
All she ever wanna do is listen to the radio.
