

# Shakira, Dare (La La La)

Hola!

La la la la la  
La la la la la  
La la la la la  
La la la la la

I dare you  
(Leggo, leggo, leggo, leggo)

All of my life, too late  
Till you showed up with perfect timing  
Now here we are, you rock it  
Our fingers are stuck in the socket  
It's just the nature, a game  
Get ready, we'll do it again  
Let's not recover, time to hangover  
When your eyes got me drunk I was sober

Is it true that you love me?  
I dare you to kiss me  
With everyone watching  
It's truth or dare on the dancefloor

La la la la la  
La la la la la  
La la la la la

Truth or dare on the dancefloor

La la la la la  
La la la la la  
La la la la la  
I dare you

(Leggo, leggo)

Of all the millions on the planet  
You're the one who's keeping me on it  
You know I like you, ain't nobody's business  
Your blue Spanish eyes are my witness  
It's just the nature, a game  
Get ready, we'll do it again  
Let's not recover, time to hangover  
When your eyes got me drunk I was sober

Is it true that you love me?  
I dare you to kiss me  
With everyone watching  
It's truth or dare on the dancefloor

La la la la la  
La la la la la  
La la la la la

Truth or dare on the dancefloor

La la la la la  
La la la la la  
La la la la la  
I dare you

Is it true that you love me?  
I dare you to kiss me

With everyone watching  
It's truth or dare on the dancefloor

La la la la la  
La la la la la  
La la la la la  
La la la la la  
I dare you

(Leggo, leggo, leggo, leggo)
