## Shakira feat. Alejandro Sanz, I Don't Believe (No

Only you know really who I am And that's why you're my only man Only you make my heart beat fast And that's why we will make it last

I don't believe that the sea Will one day taste so sweet I don't believe in what I feel I don't believe in fate

I only belive in your sunny smile Your eyes shining like the stars And your kisses made of sun And I don't care what they say

Coz only you know really who I am...

I don't believe in Venus and in Mars I don't believe in Carlos Marx I don't believe Jean-Paul Sartre I don't believe in Brian Weiss

I only believe...
