## Shakira, Rules

You have to swear You've got love to love me That will last forever We must have a story With a happy ending ?I swear to never go away? And never put aside The things I'm gonna say Cuz these are rules for us

## Chorus:

Use your eyes only to look at me Use your mouth only to kiss my lips We are branches of the same old tree You can laugh only if you laugh at me You can cry only if you cry for me Don't forget that you're condemned to me Can't you see You always were You'll always be

You used to say I should see a doctor Who would keep me busy Cuz a jealous woman Never makes it easy And you know I'll defrost Whatever seems right But it may take a while Before I change the rules

Chorus (2X)
