

# Shallou, Save Some Room

Say

What you wanted to me  
I was so far out of line  
So far away

Save

Some room in your heart  
For when I'm better now  
When I'm better now

Say

What you wanted to me  
I was so far out of line  
So far away

Save

Some room in your heart  
For when I'm better now  
When I'm better now

Save some room for me now  
'Cause I've been falling down  
Save some room for me now  
'Cause I won't let you down

Save some room for me now  
'Cause I've been falling down  
Save some room for me now  
'Cause I won't let you down
