

# Shane Filan, Everything To Me

If life is like a jigsaw  
Where would you start  
You think you got the picture  
Like it's written on your heart  
You lay out all the pieces  
One by one  
But if you stare at it too closely  
The answer never comes

So I take a breath  
Cos I need time to figure this all out  
I got lost inside  
What I thought I need  
But I understand now

Cause I don't need the sunlight shining on my face  
And I don't need perfection to have the perfect day  
I just want to see you happy a smile on your face  
Nothing else matters cos you're everything to me... to me... to me...  
You're everything to me

Can you tell me where I'm going  
Tell me what comes next  
Cause I know that it's not over  
Haven't even started yet  
I just wanna get there  
But I hope it's not too late  
Cause the closer that I'm getting  
The more I feel the way

Let's take a break  
Take our time  
To figure this all out  
I got lost inside  
What I thought I need  
But I understand now

Cause I don't need the sunlight shining on my face  
And I don't need perfection to have the perfect day  
I just want to see you happy a smile on your face  
Nothing else matters cos you're everything to me

All that I thought I want  
Is not what I really need  
You're right here in front of me

No, I don't need the sunlight shining on my face  
And I don't need perfection to have the perfect day  
I just want to see you happy a smile on your face  
Nothing else matters  
No nothing else matters

Cos I don't need the sunlight shining on my face  
And I don't need perfection to have the perfect day  
I just want to see you happy a smile on your face  
Nothing else matters  
No nothing else matters

Yeah I don't need the sunlight shining on my face  
And I don't need perfection to have the perfect day  
I just want to see you happy a smile on your face  
Nothing else matters cos you're everything to me... to me... to me...  
You're everything to me
