

# Shane Hebert, Just Like Me

I've been waiting here  
Passing time, standing in line  
I've been dying here  
Less than fine and criticized  
I don't think you understand  
Don't try to understand

Where are you now?  
Alone and resting quietly  
Just like me

Just say another word 'cause  
It never fails but you're make-believe  
So I make-believe that hope is still there

Where are you now?  
Alone and resting quietly  
Just like me (2x)  
Where are you now?  
Alone and dreaming frightfully  
Just like me (2x)

Yeah...

Where are you now?  
Alone and resting quietly  
Just like me (2x)  
Where are you now?  
Alone and dreaming frightfully  
Just like me (4x) Yeah
