

Shane Hebert, Just Like Me

I've been waiting here
Passing time, standing in line
I've been dying here
Less than fine and criticized
I don't think you understand
Don't try to understand

Where are you now?
Alone and resting quietly
Just like me

Just say another word 'cause
It never fails but you're make-believe
So I make-believe that hope is still there

Where are you now?
Alone and resting quietly
Just like me (2x)
Where are you now?
Alone and dreaming frightfully
Just like me (2x)

Yeah...

Where are you now?
Alone and resting quietly
Just like me (2x)
Where are you now?
Alone and dreaming frightfully
Just like me (4x) Yeah
