

Shane Minor, I Think You're Beautiful

(Steve Diamond/Maribeth Derry)

I meant to tell you yesterday
How the sun looked in your hair
And how the light danced in your eyes
As you were standing there
I searched my soul for clever ways to say the words
And though I'm not a poet
There's something you should know

I think you're beautiful
I think you're wonderful
And just looking at you
Takes my breath away
I think you're magical
And when I'm with you girl
If my heart could speak, then you would hear it say
I think you're beautiful, so beautiful

I placed a solitary rose
On your pillow as you sleep
Will you touch it to your lips
Everytime you think of me
I try to show you with these little things I do
That one thing never changes
When it comes to you

I think you're beautiful
And I think you're wonderful
And just looking at you
Takes my breath away
I think you're magical
And when I'm with you girl
If my heart could speak, then you would hear it say
I think you're beautiful, so beautiful girl

Forgive me baby if I stop and stare
But your kind of beauty is so fine and rare
Just let me say what's on my mind
Baby let me tell you one more time

I think you're beautiful
And I think you're wonderful
And just looking at you
Takes my breath away
I think you're magical
And when I'm with you girl
If my heart could speak, then you would hear it say
I think you're beautiful, so beautiful girl

I think you're beautiful....
