

Shane Minor, Sliver Of The Moon

(Skip Ewing/Tim Johnson)

Don't think I'm crazy
I know it's not the most romantic thing
It's cold and cloudy
The moon is just a fingernail up in the sky
But I thought that we could take a walk
And just enjoy what's there
And if we can't see it all
Well I don't care (just)

A sliver of the moon
Or a corner of a star
A little piece of romance
Keeps our love shining in our hearts
A twinkle in your eyes
Or a single firefly
That's all we need to make it right
Not meteors or northern lights
It only takes a sliver of the moon

Life's not the movies
Love isn't always like a song
No we're not perfect
But neither is this world we're living on
So we do the best with what we have
And it's true we don't have much
But somehow we always seem to find enough

A sliver of the moon
Or a corner of a star
A little piece of romance
Keeps our love shining in our hearts
A twinkle in your eyes
Or a single firefly
That's all we need to make it right
Not meteors or northern lights
It only takes a sliver of the moon

We're in the shadows
And the dark sometimes
But we know somewhere the light still shines
And somehow we will find

A sliver of the moon
Or a corner of a star
A little piece of romance
Keeps our love shining in our hearts
A twinkle in your eyes
Or a single firefly
That's all we need to make it right
Not meteors or northern lights
It only takes a sliver of the moon

Oh, it only takes a sliver of the moon
