## Shania Twain, Juanita

Juanita She is the restless river running through my veins She rides without the reins-her name's Juanita She lives in the heart of every woman in the world Within the reach of every girl who wants to meet her

(She's gonna be ridin' through)
Her name's Juanita
(She's gonna be ridiin' free) She's ridin' free
(She's gonna be inside of you, gonna be
inside of me) She's inside of you
and inside of me, yeah

## [Chorus:]

Oh, go with her--flow with her Dream with her--scream with her Let her take over, or just get to know her Be everything you can be If you can find her and free her Juanita will unchain your heart

When someone tries to take away the freedom of your choice To take away your voice--that's when you need her She's there if you dare to give your broken wings a try C'mon and take a leap and fly, and you can be her

(She's gonna be ridin' through) Oh, Juanita (She's gonna be ridin' free) Ridin' free (She's gonna be a part of you, gonna be a part of me) She's a part of you and a part of me, yeah

[Repeat Chorus]

[Instrumental Solo]

Oh, go with her--flow with her Dream with her--scream with her Let her take over, or just get to know her Be everything you can be

[Repeat Chorus]
