

Shanice, I Hate To Be Lonely

I heard you say goodbye

Said that it would be our last night

It took me by surprise

Say that it isn't so

Oh baby

I don't wanna see you go away

Oh baby

I'd be there till my dyin' day

Oh baby

I can't live if I'm not lovin' you

Don't make me baby

Chorus

I hate to be lonely

We could be out takin' a drive

I hate to be lonely

We should be walking side by side

I hate to be lonely

Lonely for you

Lonely for you

You said you wanted me

To be your girl that's all you'd need

And I gave my heart so free

Trying to win your love but

Bridge

Baby

I gave my heart and soul to you

Oh baby

You never had a love so true

Can't you see the tears I cry over you

Don't leave me baby

Chorus

Lonely for you baby

I know we can last

Just give it a try

Trust me

Bridge

Chorus
