

Shanice, I Love Your Smile (Hakeem's Mix)

Sitting in my class, just drifting away

staring into the windows of the world (yeah)

I can't hear the teacher, his books don't call me at all

I don't see the bad boys tryin' to catch some play...

Chorus

'Cause I love your smile

I love your smile

The clock at work says three, and I wanna be free

free to scream, free to bathe, free to paint my toes all day

My boss is lame you know, and so is the pay

I'm gonna put that new black mini on my charge anyway

Chorus

Bridge

Time came and showed me your direction

Now I know I'll never ever go back taught me that

I can be a better girl with love you give

you rock my world

you dig

Rap Breakdown:

I'm showin' the life that I'm livin'

This is the life that I have

and it's given to you

yeh' and it's true

la-d-da

twinkely d

do you

believe in a girl
like me
Shanice is the one
for you to be with

But when I'm caught all alone
I start fessin'
It's from a state of depression

And the thunder clouds of doubt move in
I begin to wonder "do you still love me?"
but after that
My whole world is beautiful
