

Shanice Wilson, Forever In Your Love

(N.M. Walden, S. Dakota, J. Baker)

Yeah baby

I wanna tell, I wanna tell you, baby
What's goin' on, yeah

So you call me up and say
"Girl what's goin' on?"
Someone told you I had done you wrong
People always talkin' (yeah) sayin' crazy things
It's just jealousy

Well if you wanna know the truth boy
I'm tellin' you, hey
He was just a friend of mine
If we start to question each other, it'll tear us apart
Baby let's not start

Bridge
Don't you doubt my love
Don't you doubt my love
I'm never gonna give you up
Who can you believe
Your friends or me
I'm not gonna leave
Oh baby I will always be

Chorus
Forever in your love
Forever in your love
Forever in your love
Forever in your love

Stood right by your side, babe
Held you through the night
I never let you down
When you need someone to believe in
Put your trust in me
Ain't that what love's about?

Bridge

Chorus

Rap
When I'm home
Sitting alone
thinking about you
yeah
and what we do
Together
Makes me want more
Cause I'm sure
That I'm forever in your love
What you do for me
You know
A kiss from head to toe
Makes me wanna scream
To the heavens up above
Knowing that I'm forever in your love
Baby
Yeah, word to your mother
