

Shanice Wilson, So Sexy

Hook

Come on and wine and dine me
bring me flowers and candy
kiss me tell me you love me
don't you know you make me feel so sexy
come on and wine and dine me
whisper tell me you need me
pinch me I must be dreaming
don't you know you make me feel so sexy

Verse1

I'm about romance when it comes to my man
this is how we get down
hugging and kissing and candlelight all around
take me to a place
it's like a natural high
and you wanna know why
he's love it feels me up I just can't get enough

Hook2

Baby rub my back you know I like it like that
as a matter of fact
there is nothing that I would not do for you.
I'm your girl for life
not just for one night
baby I hope it's not I
cause everyday this kind of love just don't come to you

Hook2
